# Chocolate Eclairs

by [MiaQc](#)

## Summary

Microfic. Alana remembers the first time she had eaten sweets.

- A translation of [Éclairs au chocolat](#) by [MiaQc](#)

When Alana thinks back to her adventure in 1990, she thinks of Jenny Kelly, her first great friend. She also remembers the first time she ate sweets. It was at Jenny's school. Jenny had bought two chocolate eclairs. As soon as Alana tasted hers, it was love at first sight. She found it so good and the sugar had a new effect on her body. It made Alana feel excited and more emotional. Alana even stole Jenny's because she wanted to eat more! But there are no desserts and sweets in the year 3000. Alana has never eaten one in her life until now and her stomach quickly rejected this intruder. Alana had to leave a class to throw up in the bathroom. She had tried other sweet things, such as a chocolate bar, but each time she got sick and threw up. Alana had no choice but to give up on sweets. In the year 3000, food consisted of seaweed, fruit, and energizing cubes. Alana had discovered meats, such as chicken, and bread in the year 1990.
